# Copyright Disclaimer

AMIGO (A Medical Image-Based Graphical platform) was developed by Gabriel Paiva Fonseca during his PhD performed between 2011-2015 as part of a cooperation between the University of São Paulo (Brazil) and University of Maastricht (the Netherlands). The software will be made publicly available under **GNU General Public License v3.0** so the universities and individuals involved in the development of the software abdicate control over **AMIGO** copyrights.
